

This Week in SP212E:1121/3321

Always attempt to complete the readings before class. You are responsible for reading 10 pages past the current lecture. You may not understand the material completely, but you should read it prior to lecture.

Problems to submit on the date listed :

***** STUDY the chapter summary before attempting the problems *****

All multiple page assignments must be stapled in single day assignment groupings. Your name and section number must be in an upper corner of the first page.
